

REAL EXPERIENCES REAL ENVIRONMENTS

**Activate Outdoors –
Outdoor Programmes
for Children and Young
People, at our Centres
on the Jurassic Coast
and in the New Forest**

OUR APPROACH

WE BELIEVE THAT

- Outdoor activities are fun and meant to be enjoyable.
- Outdoor experiences create the environment for growth and development, particularly when they are engaging, interactive and meaningful.
- Being active outdoors is good for mental and physical wellbeing. Being with others in this environment is even better.
- By having positive experiences in the outdoors, people appreciate natural spaces and are more likely to value them and respect them.
- People may need support and appropriate progression to have the best experiences outdoors.

SO, WE PROVIDE

- Real experiences, in real environments, for groups, led by our professional team.
- Experiences that are safe, fun, supportive and where appropriate, challenging.
- Flexibility in our sales process to design programmes to meet our client's needs.
- Flexibility in our delivery, so that instructors can match the needs of the group on the day with the activity and programme.
- Great hospitality to support people to have the best outdoor experiences we can deliver.

WE WANT TO DO THIS FOREVER, SO WE WILL

- Operate safely and professionally, balancing wellbeing, fun and learning appropriately.
- Operate sustainably so we can have the right resources in place.
- Form trusted and ongoing relationships.
- Minimise our impact on the environments we work in.
- Blend in to and be part of our communities.
- Be ready to change and adapt.

BRENSCOMBE

A converted stone farm, nestled in the heart of Purbeck, Brenscombe has unrivalled access to Poole Harbour and the Jurassic Coast. A world heritage site and an area of outstanding natural beauty offers the backdrop for our canoeing, kayaking, sea cliff climbing, ropes course, raft building, target sports, team challenges and field studies.

Catered indoor residential facilities for 160 plus camping options.

Private access to Poole Harbour.
