

PORTLAND OUTDOOR CENTRE

Real Experiences
Real Environments

PORTLAND OUTDOOR CENTRE

We want to share our passion for the outdoors and the stunning area we work in. Our approach is to provide real outdoor activity experiences whilst creating time to enjoy, understand and respect the environments we explore.

Using the wider landscape, our activities naturally present opportunities for learning and challenge whilst maintaining high levels of safety and fun! We enable our experienced staff team to be flexible in their approach, ensuring we provide engaging experiences based on the needs and abilities of your group.

Real experiences,
real environments

Situated in Castletown, Portland, we are in the middle of the Jurassic Coast UNESCO World Heritage Site which is recognised for outstanding rocks, fossils and landscape. Our activities are all based on the island with our watersports being held only a 2-minute walk away in the 2012 Olympic sailing venue, Portland Harbour.

Your group will experience a range of quality activities to meet your specific aim and needs. Recognising each group's differences we ensure a personal booking experience, to provide genuinely bespoke programmes.

We see hospitality as a key component of our approach. Our renovated Victorian hotel will ensure a good night's sleep and our in-house catering team will provide hearty and healthy meals to keep your group full of energy.
